

PGFPlot-A simple tutorial*

Son To

June 13th, 2017

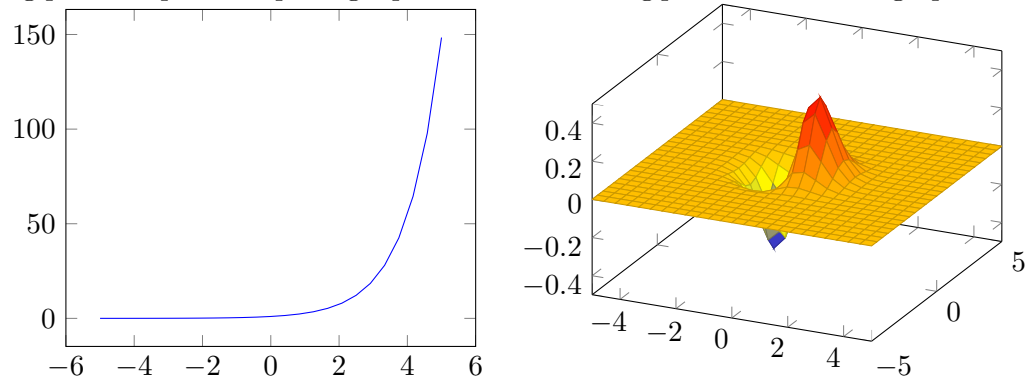

Contents

I. The Basic	2
II. 2D Plot.....	3

*This tutorial is taken from [this link](#) with some modifications for personal pleasure!

I The Basic

Pgfplots is a powerful package specialized in creating powerful scientific graphs.

We now get to some more details on 2D plot.

II 2D Plot

What the heck...Let's do some damage!
